RANK

8 Seven Mounds earned the most money last year and has been consistent and good this year. Second after a short layoff last time and probably better now. Good chance in this fairly easy company. **12 Conrads Jessica** is a tough opponent. Comes with two very good wins and challenges with a similar effort. Has been a scratch due to fever though. **11 True Exception** never had a real chance in the last V85 race but had done well before that. He has a difficult lane too. **6 Mo Salah Boko** finished well as second in the last race. Driven this time by Tilde Eriksson and could take the lead after a while.

12 Nightwish River should have a good chance despite this number in this weak race. He wins quite often and sprinted well to a third place in Finland last time. Probably gets an offensive trip. **8 Regress W.F.** was actually more heavily backed than our favorite in the last race in Finland but only finished sixth. Chases revenge and should be considered despite this lane. **11 Teton Hillcon** won at this track together with Ove A Lindqvist at the end of April. He is one of the better horses in this race and is possible. **5 Kill Posin** won three of 13 races last year. Not as successful yet this season but has a good lane and can open fast.

8 Västerbo Outlander is the least experienced horse here but has started well. Scored a good win two starts back and competed in the V85 after that. Easier now and will probably gets an offensive journey. **10 Långstrumpan** won easily from the lead in the last race. Has to attack from behind this time but should be considered. **11 Camaro Hall** won at this track two starts back and has been brave from the outside of the leader as second both before and after. Contender. **2 Ajamaja** was quite heavily backed in the last race against several of today's opponents. Looked on the way to victory from the outside of the leader but galloped shortly before the finish.

RANK

8 Jamie Sisu is probably the best horse in this race. He wins often and was second directly after a very long layoff two starts back. V85 last time but clearly easier now. Probably gets an offensive trip. **12 Jobiline Ridge** doesn't start very often but is very consistent and good. Has already taken two wins this year and comes from victory in a slightly bigger race last time. **11 Lozano** was more heavily backed than our favorite two starts back but did not convince. Two wins in a row before that. Early choice. **7 You To Ezme** has started the season quite well. Has been competing in the V85 at the end and he won the other two races. Possible.
