5 Present Tile should have a good chance in this ridden race. He comes from three good efforts in this discipline and will face fairly easy opposition. **4 The Bandit** earned the most money last year. Was fourth under the saddle two starts back and is an early choice. **3 Church Yeager** did quite well under the saddle in two starts in February. Has a run under his belt now and is a contender. **2 Type A.** has earned by far the most money but has not won for a long time and this discipline is a bit of a question mark.

1 Dragon Games has started well with a win and a second place and should have top chance in this race. Björn Steine has a nice post and should lead this from start to finish. **5 I.D.Igenious** made two races in Sweden last year as fairly heavily backed. Makes his debut in Norway now after a long layoff. Will be exciting to follow. **4 Magic Legs** is also an early choice behind the favorite. She will also return after a break. **8 Zero Pepper** has only one win in 21 starts and comes from several gallops. He needs to avoid a mistake first. Poor lane.

3 Gjermi has started really well with two wins and a second place in three starts. Hasn't raced since April but we expect the horse to be well prepared. Good chance. **1 Haugestad Lalla** has put in several good performances and has also got an excellent lane. The logical challenger. **6 Loose Odin** faces a handicap but this small field is an advantage. The form is a question mark. **4 Ejo Sara** finished well as second in June but has galloped since then. Maybe a place bet.

10 Brazze Blizzi has taken five wins in ten starts and that says a lot in this mediocre field. He was fourth despite a gallop in the last race and should have a good chance to pass all. **1 Varg Vampyr** has not won yet after eight attempts but has put in several good performances. Nice lane and challenger. **3 Dronning Tamara** took her first win two starts back and was third despite galloping in the last race. Good form and good lane. Early choice. **14 Mjölner Desverre** is still without victory after eight attempts but he is not that bad and hopes for high pace from here. In that case, he could surprise.

5 Nicole B.R. was second from the pocket in the last race and seems in decent form. Good post and in this field she should be considered very early. **3 Loes Simoni** won at Färjestad two starts back and is driven by Isabell Eriksson again here. Good lane and early choice. **2 Naomi B.R.** won two of seven races last year and has put in several good efforts this season. Nice lane and driven by Per Oleg Midtfjeld. **7 Akissassweetascandy** won from the outside of the leader two races ago and was brave even as third in the last race. Seems strong and should like today's long distance.

5 Viviani has won five of 13 races but was defeated from the lead in the last race as second. Chases revenge and is a quick starter. Good chance to lead this all the way. **3 The Gentleman** took three wins in a row in May and June and comes from a slightly bigger race. Has a good lane and challenges our favorite. **2 Milltribute** won easily two starts back but comes from a fifth spot heavily backed. Has been a scratch after that. Contender anyway. **10 Lucas Scott** has not won yet this year but comes from three good efforts and is approaching a victory. Needs a bit of luck from here though.
