RACE 1 — V4-1 — Volt 2140 — RANK

6 Supriced Tooma didn't get it right in the last race but showed great strength in the previous races. Good for this company and should have top chance without a mistake. **7 Gocciadoro C.G.** is consistent and good. Benefits from high pace and with the right trip he will challenge our pick. **2 Sunny Tooma** is the favorite for the lead and in that position has taken the only win of his career. Mats E Djuse for the first time is always interesting. **10 Rocket Tooma** has done well this autumn without winning. Mainly a place bet.

RACE 2 — V4-2 — Volt 2140 — RANK

1 M.P.Atle made a comeback last time after a long break and did well. Improved by that run under his belt and from the lead he is the horse to beat. **8 Friska Viljor** owns great speed for this class, but is not completely reliable. Fights for victory without a mistake. **2 Langlands Ballerina** is really good every now and then, but up and down too. If the mare has one of her better days she is an early contender. **11 Guldhagens Pirat** does well most of the time. In the mix again.

RACE 3 — V4-3 — Auto 2140

4 Mix The Booze looked in good shape in the last race but got locked in and the five-year-old should have the best chance to win this race. **7 Youcan'taffordme** won by a wide margin in the last race under the saddle. Has been a scratch but is normally an early contender here. **1 Patrick Hangover** has a perfect number and should have a good chance to reach the front. Five of seven wins have been taken from that position. He leads the race for a long time. **10 Mellby Minerva** is good for this class, but is coming back after a long break. The form is a question mark.

RACE 4 — V4-4 — Auto 1640

6 Brunet Garde has met tough opposition towards the end and done well. Now the mare is stepping down in class and should have a good chance of winning regardless the journey. **2 Timotejs Märta** finally has a good starting position. Likes this distance and has a good chance to score the second win of the year. **4 In Real Life** is more strong than fast and if the pace is high in the lead, her chances will increase. **10 Kopparmärra** has been a scratch after the last race. The form is a bit hard to predict, but normally she will be in the fight.
