10 Run Rhapsody Run followed well last time out as second and had competed in much tougher races before. Was third in the V86 in June and is facing much easier opposition now. Our winner. **9 Gasolina Jet** is the logical challenger. Coming from two wins in a row and driven by the same driver in this amateur race which is a clear advantage. Has won from the front. Different number now. **1 Suprice Boy** has been quite consistent and good so far without winning. Should get a nice trip from this lane. **7 Zozo W.F.** has shown quite good form lately and is coming off a shared victory.

8 Dear P.G.Gar was too fiery in the last race. Got defeated shortly before the finish as third two starts back. Is a quick starter and he is our favorite for the lead despite this lane. Wins often. Good chance if he stays calm. **2 Golden Jubilee S.** took his only win in Germany last year. Has done well in three races in Sweden and should be considered early in this rather weak race. Good lane. **10 Konstapel Sisu** competed in the V75 in the summer of 2025 and is facing much easier opponents now. However, he has not competed in over a year and is making his debut for a new trainer. **7 Sixten Blixten Z.** also returns after a long layoff and he has also got a new trainer. A bit hard to predict of course but good for this company.

3 Clean Table wins often and has shown good form of late. Meets quite easy opposition and we think Peter Untersteiner will be in the lead after a while. Top chance regardless. **5 Moni Talks** is also good for this company but has got a tricky number. She was beaten close before the finish line as second at Åby two starts back. **1 Thundrfrmdownunder** will probably get a nice trip from this lane and is a contender with the right trip behind our favorite. **13 Landmark River** faces a 20 meter handicap but is in good form and has been in much tougher races this summer. Hoping for quick pace.

1 Paul McCartney is our pick in this tricky P22 race. He is probably the best horse but the question is where he will end up from here. Good chance with the right trip. **6 Fahrenheit Tab** is not that bad for this company. He is a quick starter and our favorite for the front. Can lead this for a long time. **7 Flytothemoon Effe** is also quite good for this race. He can open fast and might find the pocket. He set a good time in the last race. **10 Jackson Storm** is quite consistent and good. He is coming back after a layoff but is possible directly in this field. At least an outsider for Claes Svensson.
