2 Hvalstad II has shown very nice speed resources and improved a lot this year, but galloped last time. Is fast from the start and should reach a good position. Is the horse to beat together with Björn Steine. **7 Lekker** is very speedy, but doesn't always trot well and the horse gallops a lot. She is a contender without a mistake. **10 Annelin S.K.** does well most of the time and is possible too but needs some racing luck. **8 Brazze Blizzi** is coming more and more. Is poorly drawn.

Has shown good form and should be considered. Likes the short distance. **5 Aske Balder** has won 22 of 34 starts which is very impressive. 8 Last Story galloped last time and hasn't had a real run under his belt since mid-June, which is of course a bit of a question mark. There is no doubt that the horse is good enough to win here, despite this disappointing starting position. The obvious frontrunner. **11 Rocky Vrijthout** has a run under his belt for the new trainer. Can do it tough in a race like this in Norway **6 Oksamit W.H.** is strong and should be followed. **10 Kentucky Field** is possible too with the right trip but needs some luck from here.
