TIMEFORM VIEW:

SAINT POLO seemed to benefit from a more positive ride with a tongue strap added when readily getting off the mark at Stratford last week and, unpenalised for that, his follow up claims look crystal clear. Cogital has tasted success on each of his last 2 visits here and is next best, ahead of Linden Lane.

WALKIN OUT could be worth chancing switched to a professional yard off what is a potentially lenient mark. Last year's winner Limerick Leader went close to making a winning start for this stable at Southwell on return so is the obvious threat.

RACE 6

Going: **Good (Good to Firm in places)**

Left handed, tight. Favours handy types, with prominently-riden horses at an advantage more often than not. The fences pose very few problems, statistically the easiest course to jump round in the country. Very short run-in on hurdles course means the lead rarely changes hands from the last. All fixtures take place between April and the end of October.

Pace Information: **Even**

TIMEFORM VIEW:

JAFIMGOSO conceded first run when a good second at Southwell earlier this month and remains on a workable mark. He gets the nod. I Am Spider Man and Final Entry rate the principal dangers.

RACE 7

THATCHERS HANDICAP CHASE (5) 5yo+ (Rated 0-100)  
£9,500 3m1f170y (5180 Metres)

Going: **Good (Good to Firm in places)**

Left handed, tight. Favours handy types, with prominently-riden horses at an advantage more often than not. The fences pose very few problems, statistically the easiest course to jump round in the country. Very short run-in on hurdles course means the lead rarely changes hands from the last. All fixtures take place between April and the end of October.

Pace Information: **Very Weak**

BETTING FORECAST:

TIMEFORM VIEW:

HATOS was in the process of justifying market confidence when unseating 2 out at Fontwell last month and can make amends. Testflight, Unspeakable and Edgewell have all dipped below their last winning mark so are potential threats.
