12 Mellby Mammon is probably the best horse. He put in several good performances last year but has not competed since October. Nurmos uses to have his horses well prepared. Normally a good chance. **8 Metarie** has done well this year and scored a good win two starts back. With a similar effort he can fight for victory. Where will he end up from here? **11 Pickford** comes from victory in a mediocre race as heavily backed. He will face a bit tougher opposition now but is possible behind our favorite. **1 Minerva Sisuv** is not that bad and driven by Claes Sjöström this time. Could surprise from this lane.

RANK

12 Hip to be Square is the least experienced horse here with only ten starts. Comes from several good efforts and we think he is the best here. Barefoot this time. Our pick despite this lane. **7 Krut** was second in a mediocre race last time but can probably do even better. He has earlier competed in tough companies and will face easier horses this time. We have a lot of respect for Djuse/ Djuse. **9 Bear Victor** has earned the most money this year and put in several good performances. Driven this time by Markus B Svedberg. Tricky number but should be considered. **4 Wiener Blut** earned the most money last year and was second in the comeback last time. Should be on the way up and Conrad Lugauer will probably be offensive. Towards the front?

12 Michel is the least experienced with only ten starts but he has shown good capacity. Hasn't competed since October and form is of course hard to predict. Our winner right away. **9 Queen Gold** looked nice when she was locked in two starts back but got a tough journey in the last race. Has only one victory in 19 starts but is good for this field. **8 Humble Malt** is quite consistent and good and should also be considered in this company. However, he has a difficult lane and the question is where he will end up from here. **5 Myspirit** has only one win in 29 attempts. She is our favorite for the lead and could surprise behind our favorite.

12 My D.X.One has clearly earned the most money this year and comes from victory. Has of course a difficult lane but meets fairly easy opposition. Our winner together with Emilia Leo, **3 Stensjös Farit** is an early pick for us. Was third despite galloping last time and is driven this time by Magnus A Djuse. Competes with a bike. **7 J.S.Kenjan** won a mediocre race at Romme in June. He is not a superstar but in this field he is possible. Claes Sjöström is an advantage. **8 Jayhawk** is a bit hard to predict. The horse was second at Solvalla in March and we think that Per Lennartsson will be offensive here and might be allowed to take over the lead after a while. Interesting in that case.
