8 Custom Chrono starts very often and has already taken six wins this year. Was in a tougher race last time and has to be considered very early here. **9 Vincent Sun** made his debut in the last race for his new trainer and won directly from the outside of the leader. Faces tougher conditions money-wise but is an early choice. **3 Irons** won four out of ten races last year and is coming off a surprising victory. Is probably the best horse in the second circle and has to be followed. **2 Sing for Hope** is mostly a place bet here.

7 Pelle Per is an experienced horse in this discipline and he is coming off an easy win. Should have a good chance in this company. **8 Boxer Ö.K.** makes an exciting debut under the saddle. Has five second places in seven starts this year and can take his first win of the season here. **5 Holter Åsa** earned the most money last year and is clearly better than the latest results show. He will also be interesting to follow in this discipline. **1 G. Svennen** gallops very often and returns after a long layoff. Is hard to predict but should not be forgotten.

3 La Dahlia won from the pocket at the beginning of May and has also put in good performances since then. Driven this time by Svein Ove Wassberg and should have a good chance in this field. **5 Gaargaantua** has taken two wins in nine attempts and is also possible here. Didn't convince last time but can definitely do better. Ove Wassberg is in the driver's seat. **6 RMG Tiger Feet** took a close win in the last race and should not be overlooked here with a similar performance. **2 ML's Viking** is quite consistent and good and could take a place here.

3 Bovi's Titan has started really well with three wins in five starts. Returns after a layoff but we assume the horse is well prepared. Our winner. **2 Eidsnes Odin** comes from several good efforts and should be considered in this company as well. **1 Rano Elden** was second from the lead in the last race and did well. Run under his belt now and certainly improved. Will probably go for the front again. **9 Rappmira Are** took two wins in a row in February but has galloped towards the end. Is really good for this race and a contender despite this 20 meter handicap.

1 Alm Romeo wins quite often and has a very good task here. Is the only horse in the first circle and will reach the front here. Good chance to lead this all the way. **8 Mykle Fanden** has earned the most money this year and is clearly better than the results show. With the right trip he can fight for victory. **6 Ros Venn** won six races last year and earned the most money. If he lives up to his potential he is possible. **9 Mi Bella** is not that bad either but she made a mistake from the start in the last race and her form is a bit of a question mark.

3 Custom Cruze is our idea in this wide open race. Hasn't won yet after 13 attempts but faces easier opposition this time. **13 Aniara C.D.** comes from a second place and hopes for high pace from here. One of several contenders. **5 Leonardus** is consistent and good and with the right trip he could also be in the fight for victory. **6 M.L.'s Dynamite** won six out of 14 races last year and he has been consistent too. Third from the front two starts back and finished well in the last race.
