RANK

10 Jongleur competed in several V75 races last year and was third at Östersund in August. Returns after a long layoff and is driven by Marcus Lilius this time. Good chance straight away in this company. **9 Master Of Zon** won an easier race at Gävle in June and is a contender behind our favorite. This time he is driven by his trainer Joakim Eskilsson. **2 Eva Aloha** has taken two wins in ten starts and was third together with today's driver Tomas Pettersson in May. Is probably the best horse in the first circle and could be driven offensively. **7 Orkan von Haithabu** has earned the most money but has not won for a while. Makes his debut after a break for Anders Eriksson and cannot be discounted.

6 Teknologen comes from victory and has already won three races this year. Is in good form and runs barefoot behind this time. A bit tricky inner lane in this handicap but good chance anyway. **7 Basisten** had a great season last year and earned almost half a million Swedish crowns. Hasn't been as good this year and his form is a question mark. Normally he's good enough to be in the mix. **8 Guldhagens Pirat** is also much better than the results suggest. He faces much easier opposition than he is used to and has to be considered in this field. **4 Py Bläsen** has been consistent and good this year without winning. He competed in a race at Bergsåker as recently as last Friday. Should not be overlooked.

10 Swish Soldi is our pick in this open race where a big upset is possible. Had a good season last year and has been quite consistent towards the end. Driven this time by Ulf Ohlsson and that is a plus. **2 Rover Tooma** scored a sensational win two starts back and seems in good form. Can open fast and we hope he can take the lead together with Rikard N Skoglund. Dangerous then. **8 Mogas Jeppe** has earned the most money this year and comes from several good efforts. Driven this time by Kajsa Frick and should be considered. **9 Rosi Tooma** is also in good form. Won two starts back and comes from a good performance in a bigger race. Could surprise.

10 Tangen Julius comes with only gallops but is really good for this field and our winner. Barefoot behind now and good chance if he avoids a mistake. **4 Perto** has five wins and four second places in 14 starts. Is probably the best horse in the first circle and can be driven offensively. **12 Pyseidon** won two starts back and looked strong when he galloped with 600 metres to go in the last race. Chases revenge and is driven this time by Ulf Ohlsson. Early choice. **5 Lundåsens Affe** has five wins in 15 starts. Won two starts back and came back well after a gallop as third last time. A bit tricky number but good enough to be in the mix.
