11 Lill Kagan is much better than the latest results show and gets the tip in this weak race. He has had some bad luck at the end and if he avoids a mistake he should have a good chance to pass all opponents. **8 Toamericaandback** is gifted and won easily from the lead at this track in May but he failed last time race after a layoff. Better now and offensive trip? **13 Mondavi** scored a good win in July and was only closely defeated two starts back. Got a defensive trip in the last race and never got a real chance. Should be followed. **3 Henessi Krim** has galloped a lot and has got a break. Is quite good for this company and is now driven by Victor Rosleff.

1 Twigs Macho has done really well so far and won from the outside of the leader at this track in the last race. A bit tricky number now but Waldmüller will certainly be offensive. Good chance. **7 Ombra** has not won yet after seven attempts but has put in several good performances. Now driven by Stefan Persson and that is interesting. **5 Bonita Garde** won the last race after a short pause and should be even better now. Good number and early choice behind the favorite. **4 Quincie Gold** scored a good win in the last race but has been a scratch due to fever after that. Contender here too.

9 Money Today has a tricky number but is probably the best horse. He started with two straight wins and sprinted nicely in the last race to a fourth place. Good chance with the right journey. **3 Strauss** has won two out of five races but has galloped in the other races. Faces good conditions and if he avoids a mistake this time he can challenge. **6 Ex Nihilo** is not reliable either and comes from two gallops. Johan Untersteiner's horse is good for this field and has to be considered behind our top duo. **2 Misty Silvio** has not won yet but looks to be on the way up. Has been consistent and got a good lane. Fredrik Persson's horse is now driven by Ken Ecce.

8 Dats Tore had a brilliant season last year and has a very nice task here. He has met much tougher horses lately and should have a good chance to pass this field. Probably gets an offensive trip. **7 Maroon Day** took four wins in a row at the start of the season but has not convinced at all towards the end. He is capable but his form is a big question mark. **9 Frankie Godiva** is good for this company. He was second behind recent V85 winner Steady Express in June. Hopes for quick pace and can finish quickly. **4 Wehadtemall** is consistent but has not won yet this year after 14 attempts. He is our favorite for the lead and could surprise.

1 Luna Lane is trained by Robert Bergh and comes from two very good wins. Has a bit of a tricky number as we don't think he can hold the lead. Still gets our pick. **9 Daisy Vik** did not score a place in ten races last year but has improved significantly this season. Was positive as second in a bigger race two starts back. Early choice despite this tricky number. **7 Getting Rid** is also really good for this field. Johan Untersteiner's horse sprinted fast to a second place in the last race. Driven this time by Axel Ritzman. **5 Charlie T.T.** is coming off a huge win at this track and should not be overlooked again together with Stefan Persson this time.

7 Randa Panda gets the tip in this open race. Has taken two wins in six starts and has also put in good efforts. Can open fast and has a nice lane. **11 Cuarto de B.** has earned the most money this year but has taken his wins from the lead. Has to attack from behind this time but should be considered early anyway. **2 Gamble Lady Nice** started well this season and is better than the results show. Has galloped towards the end but is a contender if she avoids a mistake now. **9 Zazza Zizzy Zack** won easily two starts back and finished fourth last time. Seems in good form and is possible too.
