3 H.C.'s Crazy Horse has been in the toughest competition lately and done really well. He is going down a lot in class here. Can do it tough. Our winner. **4 Mellby Joker** is a very quick starter and could take the lead. The question is whether the horse will be driven there or not. **7 Mizai** is a quick starter and prefers to run in the lead. However, he will have difficulty reaching that position here. **1 Cab Frontline** is solid and guaranteed a nice trip from here. Mainly a place bet.

13 Villnorsken is very strong and owns good strength for this class. Has beaten many of these competitors before. Should have a good chance with the right journey. **11 Troll Rapp** was in tough company in the last race and finished unplaced. Capable but not entirely reliable. Definitely interesting with Mats E Djuse. **8 Tangen Julius** has not started for almost two months but showed good pace before the break. **2 Slotts Guli Rex** has done very well for the new trainer.

10 Glory Forever is in really good shape and although the opposition hasn't been the toughest lately the performances have been solid. He won't face the toughest field here either and there are many indications that he will be the strongest at last. Barefoot behind now. **3 Margaritaz** met good horses in the last race and is capable for this class, even though the wins have been taken in relatively modest companies. **4 Good Wine** does well mostly every time. Nice starting position. **11 Pearl Silvio** is possible too in case of over-pace.

11 Jean Crowe is very gifted and has shown it throughout his career. However, he is not reliable at all and does not always trot well. Still the horse to beat. **12 Watch Out** competed in the V85 last time and did well a bit behind the leader. He galloped twice before that but owns quite good capacity. **6 Hearsay** was clearly positive in the last race. Could be allowed to take over the lead after a while. Has to be considered. **10 Luscious Sisu** makes his debut for a new trainer and has earlier shown quite good capacity for Timo Nurmos.

10 Guli Em made a comeback in the last race after a layoff. She needed that run under his belt and will be improved by that run. She is clearly capable and likes to be driven by Marcus Lilius. She has a good chance of winning. **2 Skeie Balder** was really good in the last race and has a nice chance here. Should be considered early. **9 Eld Prinsen** is matched in nice company and uses to set good times. Possible without a mistake. **4 Høstbo Marcus** uses to open fast and likes to run in front.

8 Funny Guy is very good and normally a horse that can compete in the V85. He hasn't started for a while which makes his form a bit hard to predict, but considering his basic ability he should have a good chance. **9 Djuse** was very nice in the last race but is acting a bit up and down. **11 Knock Out Simoni** has galloped in two straight starts but has been matched in too tough company lately. **12 Fourcade Liss** is strong, but this starting position makes this a tough task.
