4 Troll Sterk Faksine is going down a lot in class and considering that she was only beaten by top horses Bleke Borken and Majblomster in the last race, this task looks really nice. **1 Prinsessan Stöen** has really found fine form again. She got a nice trip in the last race and won with energy left. **3 Ethel** is a contender too in this type of company and showed good starting speed to score her latest win. **8 Ragnhild W.M.** is usually improved when the summer heat comes. Mats E Djuse now.

4 Skeie Ylva won by a wide margin. The development of Tjomsland's four-year-old filly is impressive to say the least and considering her capacity, speed resources and what she has shown at the end, she has earned far too little money. **12 Kleppe Nisseemor** impressed a lot when she won the Kriteriestoet last year despite a tough trip and then followed that up by winning the Oaks in Norway. She is undoubtedly one of the absolute top horses of her year. **6 Grevinnan Stöen** has avoided a mistake at the end and been successful. Owns good skills. **1 Järvsö Josefin** has performed well in all her appearances. Possible with the right trip.

7 Ängsrask continues to show brilliant form and his starting speed is a big weapon. Will get an offensive journey despite this number. If he finds the lead he will be difficult to beat. **4 Tangen Nils** has not yet finished ahead of Ängsrask in their three previous meetings. However, he has a much better starting position now and an interesting change is also announced. **9 Järvsö Robert** was strong after a gallop in the last race. From this position he could get a defensive trip from behind and use his strength at the end. **6 Bato Prinsen** is capable and took a strong win in the last race.

1 Lundåsens Affe has shown nice resources for this class, but he unfortunately galloped in the battle for victory in the seasonal debut. Good chance to reach the front and from there he can lead the race for a long time. **10 Guli Black** has already taken seven wins and shown both speed and strength. Good for this class and continued to show good form in the last race. **5 Frans R.F.** is also good enough to win this. **13 Bleke Best** is probably the most capable horse in this field, but does not always live up to his ability.

1 Järvsöodin followed well from the lead in the last race without impressing. Improved by that run under his belt. Good chance if he could hold the lead from this inner lane. **10 B.W.Sture** has produced a high level for a long time and been matched against the absolute elite, including a strong third place in the Elitkampen. **2 Teknojerven** often ends up too far behind, just like last time, but he showed good form and put in a strong performance. **3 Oppgårdsdrängen** is a good horse in general, but has not yet shown the same level as last season.

7 Palmesus N.O. put in another strong effort in the last race and looked like he would take his seventh win in a row but he got closely defeated by Re Alkapital. His form is still top and he is also a quick starter. The lead is hardly a must, but he has a good chance of finding it. **6 Re Alkapital** has taken big steps for the new trainer and developed into a really good horse for this class. **11 Lundåsens Teknik** is very good for this class too. Has scored three wins in five starts without shoes. **5 Guli Stina** owns a lot of potential but has not found the right form yet.
